

NP SG report to PC March 2022

- Neighbourhood Plan upgrade independent examination reaching completion
 - After much written discussion and representation, the Independent Examiner, with some small changes, is aligned with the Sheepy PC views detailed in the draft plan and subject to final checking by the SG and HBBC, the IE is recommending in his final report, that the new Neighbourhood Plan should be 'made' by HBBC without further delay or review
 - The SG will meet Thursday 7th April to finalise checking activity with a view to recommending to the PC promptly that, with the minor edits recommended by the IE incorporated, they support the plan moving to completion and adoption (i.e. being 'made')

- Local Plan Reg 19 consultation by HBBC.
 - With the assistance of our NP planning consultant, the SG developed and obtained approval from the PC to *Object* to the consulted Local Plan Reg 19 document; 4 objections were submitted, all in terms of 'soundness'.

FINANCE

- NP upgrade project - On budget

NEXT STEPS

- Continue working with HBBC and the Independent Examiner to achieve a successful conclusion of the NP update project

John Ward - Chair, Sheepy Parish Neighbourhood Plan Steering Group
